February 2019

This month's surgical mission took place on February 18-21, in Quevedo, Province of Los Ríos. It was organized by the "Daniel Arroyo" Foundation, our special thanks go to everyone from this institution for their assistance in organizing this mission, screening patients, and pre- and post-operative care as well as coordinating post-operative control, which was carried out through our telemedicine project.

The medical team included Dr. Carlos Aguilar, Dr. Anita Vicuña, Dr. Claudio Vélez, Dr. Blasco Guzhñay, Dr. Alberto Quezada, Dr. Franco Tinoco (Surgery Resident, IESS), Nursing Assistants Fredy Peralta and Joselyn Ortiz, Mr. Gonzalo Matute, and Mr. Alejandro Carchipulla. Other participants included medical student from the University of Azuay: Joselyn Ordóñez, as well as foreign medical students: Andrew McIntyre (University of Auckland – New Zealand); as well as Kirsty Cole, Natasha Harley and Seren Jenkins (Cardiff University – UK).

During this mission, we performed 17 surgeries, 11 surgical consultations, 27 urological consultations and 34 clinical consultations.

We also performed 4 surgeries, 6 clinical consultations, and 22 surgical consultations in the city of Cuenca.

Total surgeries this month: 21.
